

WATAUGA EDUCATION FOUNDATION

Classroom Grant Guidelines and Application

2016-2017 Academic Year

Who can apply?

All faculty, including all certified teachers, principals and assistant principals, guidance counselors, social workers and media specialists, and after-school site directors in grades PreK-12 employed by Watauga County Schools are eligible to apply for a Watauga Education Foundation grant. Joint applications from multiple teachers, and/or from more than one school, are acceptable, however, one person must be identified as the lead applicant.

How much will be awarded?

The maximum amount of any one grant is \$2,000, however most grants are considerably less. Projects are funded for only one year, and generally are not eligible for funding at the same school more than twice.

What kind of projects can be funded?

Projects can be funded in any subject area, but all proposed projects must:

- Directly benefit students through innovative and creative teaching methods.
- Provide ongoing benefits (single use items will be considered, e.g. T-shirts, awards, food, transportation, admission fees, substitute teacher expense, and honorarium speaker all not to exceed a cumulative total of \$200 per grant request)
- Supplement, not replace, state and local funding.
- Address the selection criteria listed on the following page.

Salaries & benefits are not eligible for grant funding. Training/conference/professional development expenses are not eligible for grant funding, however you are invited to apply for funding through the Price Deverick Scholarships for Professional Development & Continuing Education. **However, consumable supplies related directly to the project may be funded at a maximum of \$200 per grant request.**

How does the selection process work?

The Allocations Committee of the Watauga Education Foundation will coordinate the evaluation of all applications and make its recommendations to the full Board. The evaluation process for 2016-2017 will likely also include community members working in teams with WEF Allocations Committee members to review and make recommendations to the full Board regarding grant requests. The Watauga Education Foundation Board of Directors approves final award decisions.
